This is a sample program. The time and content can be changed to suit the needs of your students. Mini bus parking is available.

During the program, your students are immersed as much as possible in the Japanese language by spending time with native and non-native speakers.

As a part of language acquisition, your students will prepare all meals and receive the recipes in Japanese.

The meals are chosen based on popular traditional meals with ingredients that are readily available in most supermarkets in Australia. They can be modified to suit your students' food allergy and tastes.

Price per student for 2012 is:

Based on 10 or more students in a group: \$125 + GST per student (1 FOC Teacher)

6~9 students in a group: \$165 + GST per student (1 FOC Teacher)
